

Students—Create Your Own Contest!

As we continually seek to develop contests that accurately reflect classroom uses of technology, we are offering a new contest category this year: *Create Your Own Contest*. Think of this as the “open class” of the county fair. Send us any technology-related project. Write a great computer app? Send it to us! Create an awesome desktop publishing file? We’d love to see it? Podcast? Original music composition? Digital art/photo? We want them all!

The Rules? They’re simple: (1) Contest is open to K–12 students in Nebraska public or private schools. (2) Each student may enter a maximum of two projects in this category. (3) Students do not require teacher sponsorship to enter this contest. (4) Projects entered in this category may not be entered in any other NETA contest category.

The Awards? Up to 9 awards may be presented in this contest category. There are no age divisions.

Guidelines:

1. The type of entries accepted is wide open. However, if you are using a program, please include a player for that program.
2. For judging purposes, entries must not take longer than 10 minutes to review.
3. Entrants using copyrighted material must follow copyright and fair use guides available on a handy PDF chart available at http://www.techlearning.com/db_area/archives/TL/2002/10/copyright.html.
4. Entries must be accompanied by the form below.

Submission deadline

Must be postmarked on or before **February 1, 2008**.

Submit to:

Lynne Herr
 ESU#6
 210 5th Street
 Milford, NE 68405
